YOU ARE INVITED TO THE LECTURE

Management of interesting Oral Surgical Cases in dental clinic and hospital

Course Description

Minor oral surgery would be part of your daily work, however, contemporary Oral and Maxillofacial surgeries would include minor oral surgeries like removal of wisdom teeth, impacted teeth, retained roots and cysts, to more complicated surgeries like sinus lifting, block bone grafts, and more advanced surgeries like orthognathic surgeries, management of facial trauma and tumors...

In order to provide up-to-date knowledge in contemporary Oral and Maxillofacial surgery to our members, Hong Kong Stomatology Association (HKSA) and Dentsply Sirona Limited have invited Dr. Alex Hui & 黃盛興主任 to give us

an update in contemporary Oral and Maxillofacial surgery
Course content:

1. Common minor and moderate oral and maxillofacial surgeries in daily practice in Hong Kong.
2. Common oral and maxillofacial surgeries in operation theatre.

Speakers

Dr. Alex Hui
